TAKING CRUISING INTO A NEW DIMENSION

Every Technohull is born from our quest to build boats that offer an augmented experience in all aspects, delivering staggering performance and an utterly comfortable experience on board without any compromises whatsoever. And this is how GTX introduces a whole new dimension to day cruising, bringing to the 10+ meters category the very best. Fusing an unmistakable Technohull silhouette and the brand's refined looks with an utterly sophisticated hull design poised to offer a generous deck space and at the same time perform beyond limits, she offers an experience far beyond what one would expect from a boat in her class.

05

DESIGN

Following the design concept that has been initially introduced with GT7, which in this case delivers an even more captivating experience, GTX is both a sheer performer and an ultra-comfortable day boat as well. Clean design lines with dynamic and sporty edges along with a sharp bow are all geared for top-of-the-line performance under all circumstances and any weather profile. Yet, remarkably wide and specious, precisely for an ultra-comfortable day on board, she manages to offer a complete experience in and out of motion.

HIGHLIGHTS

THE STYLISH AND SUPER comfortable couch in the aft, can be easily transformed into a small sunbed, offering alternative ways to enjoy lounging on board.

A STATE-OF-THE-ART hull design, featuring a wave piercing bow makes the GTX an undisputable sheer performer and above all a boat that is a pleasure to ride.

HIGHLIGHTS

THE SPORT CONSOLE highlights the boat's sporty character, and either with or without a hardtop enhances the overall driving experience.

THE SUPER WIDE and spacious deck features two distinct social areas and offers a remarkable freedom of movement.

PERFORMANCE

Unstoppable, daring, capable of everything that hasn't been possible before, GTX delivers staggering performance and top of the line handling, challenging your limits like no other boat in her class. Thanks to her state-of-the-art Dynastream hull design, she delivers an unparalleled cruising experience and outstanding offshore performance, regardless of her extra wide deck.

THE HULL

GTX features a super deep V twin stepped hull, with a wave piercing bow and variable deadrise distribution along its length and beam ensuring that you enjoy speed, handling, and control like never before.

COMFORT AT THE HELM

The helm's overall fit and finish comes to enhance GTX's already unique cruising experience. The aerodynamic sport console with a carbon hardtop and full glass windscreen or a high windshield in the open version ensure full protection from the elements and a completely stress-free experience.

LOUNGING ON BOARD

Being a day boat with a strong emphasis on the essence of spending a day at sea, GTX boasts ample and comfortable lounging areas both at bow and stern. As a genuine Technohull, she features top quality equipment and yacht quality details along with luxury amenities typical to the brand: all around teak deck, with the option to use other materials as well, premium upholstery, courtesy lights and top-class entertainment equipment to name a few.

TECHNICAL SPECIFICATIONS

LOA	10.7 m
BEAM	3.15 m
LIGHT SHIP WEIGHT (excl. engines)	Approx. 3,100 kg
FUEL CAPACITY	580 L
WATER CAPACITY	100 L
ENGINE OPTIONS	Outboard
MAX POWER	2x400 hp
NUMBER OF PASSENGERS	10
HULL DESIGN	Dynastream Deep V with ventilated steps
CLASS CERTIFICATION	B-Offshore

PROPULSION OPTIONS

- OUTBOARD / GASOLINE**
- 2 x Mercury 400R V10
(optional Joystick & Autopilot)
 - 2 x Mercury 400 V10
(optional Joystick & Autopilot)
 - 2 x Mercury 350 V10
(optional Joystick & Autopilot)
 - 2 x Mercury 300 V8
(optional Joystick & Autopilot)
 - 2 x Mercury 225 V6
 - 2 x Yamaha 350 V6
(optional Joystick & Autopilot)
 - 2 x Yamaha 300 V6
(optional Joystick & Autopilot)

STANDARD EQUIPMENT

HULL

- Dynastream High performance / High efficiency hull design
- Wave piercing bow design
- Super Deep V with two ventilated steps
- Vinyl ester for osmosis protection
- Vacuum Infusion production process
- Standard Colors: Black or White

DECK

- Bow sunbed
- Large storage locker under the bow sunbed, with stainless steel gas strut support
- Aft social area: a selection between a big sunbed with an I-shaped forward-facing seating or a small sunbed with an I-shaped forward-facing seating and a dropping back rest that increases the sunbed size
- Large storage locker under the stern seat with stainless steel a gas strut support
- Fore Console seat
- Dry storage space under the console, accessible via a gas strut supported door
- Premium teak decking 10mm
- Premium upholstery with high-quality marine fabrics and unique model stitching patterns
- Transom integrated swim ladder with three steps
- Carbon hardtop with full glass windshield and wiper

HELM POSITION

- 2 x helm bucket seats
- Premium quality steering wheel
- Twin step helm footrest

CONSOLE AND NAVIGATION EQUIPMENT

- GPS Raymarine Axiom Pro 12” with map and sounder
- Digital switching including touchscreen digital management system
- Remote battery master switches
- Remote for anchor windlass
- VHF Raymarine Ray 53
- Engines’ digital monitor: Mercury Vessel View 9” or Yamaha monitor 5”
- Bilge pump controls with visual pump running warnings
- 2 x Wireless phone chargers
- 2 x USB connection points at glove compartment

AUDIO PACKAGE

- Fusion Apollo series M6 series, 4 Speakers JL 6,5”

FUEL SYSTEM

- 580L polyethylene fuel tank
- Fuel gauge on digital management system
- Fuel filler on port side deck
- Water separators / Fuel filters with water warning sensors connected to the engines digital monitor

WATER SYSTEM

- 100 L fresh water tank
- Fresh water pressure system
- Main circuit breaker at switch panel
- Water level gauge on digital management system
- Deck filler at stern
- Deck freshwater shower
- Deck wash pump

STANDARD EQUIPMENT

ELECTRICAL SYSTEM

- 2 x heavy duty batteries for engine starting
- 2 x Service batteries 115 Ah charged from battery charger / engine alternators
- Battery link facility with remote control at helm position
- Auto-charging system for all battery banks from any charging source (alternator, shore, solar)
- Centralized digital power management system
- Console operated battery master switches
- Circuit breakers on all circuits
- 12V voltage dropper for certain navigation and radio circuits
- 12V marine outlets both at bow and aft lockers
- Electric air pump
- Automatic bilge pump
- Shore power point with cable & Victron charger
- 100 W Solar Panel with Victron Bluetooth controller

LIGHTS

- Navigation lights
- 6 ambience deck led lights

MOORING AND DOCKING

- Bow windlass 1.3Kw with remote control & chain counter
- Stemhead roller with automatic anchor launch and retrieve
- Self-stowing stainless steel ULTRA anchor 5 kg with 35 m stainless 6mm steel chain
- Carbon retractable cleats
- Mooring package (4 fenders with 8mm hanging ropes and 2 x 7 m 12mm mooring ropes with splice)

OPTIONAL EQUIPMENT

DECK AND COCKPIT

- OPTION A:** 2 x helm bucket seats, with back-to-back aft facing seating with 2 X 20L integrated drawer fridges

OPTION C: Two rows of 2 x helm bucket seats with back-to-back aft facing seating and 2 x 20L integrated drawer fridges
- OPTION B:** 2 x helm bucket seats, with wet bar module with 2 X 20L integrated drawer fridges

OPTION D: Two rows of 2 x helm bucket seats and wet bar module with 2 x 20L integrated drawer fridges
- Removable teak table with carbon pedestal
 - Sun Tent with carbon poles and three side protection tents
 - Electric sea water toilet with 35L holding tank and sink under the console, overboard discharge system

CONSOLE AND NAVIGATION EQUIPMENT

- 2nd GPS Raymarine Axiom Pro 12”
- Automatic Identification System (AIS) T&R CLASS B T&R
- Radar Raymarine Quantum Series
- Thermal Night Vision camera Raymarine M200 series 232
- Bow thruster 25kg / 1,5kW with isolating switch

ELECTRIC EQUIPMENT

- Mastervolt Inverter 1.500 W

AUDIO PACKAGE

- Upgrade to Fusion Apollo M6 series, 6 Speakers JL 6,5”, Subwoofer, Twin digital amplifiers

LIGHTS

- Underwater Lights with the option to switch between white and blue

OPTIONAL EQUIPMENT

EQUIPMENT AND ACCESSORIES

- Cabin set up in bow area (mattress and side tents)
- Electric portable Fridge / Freezer 15L 12V
- Stainless steel bow towing eyes
- Towing set of ropes
- Parking cover
- Console cover
- Sun deck and seats covers
- Hardtop side protection tents
- Aft Anchor with remote and chain counter
- WATCHIT collision avoidance system

TREATMENTS

- Hempel hard racing antifouling paint (white or black color)
